

SUSTAINABLE DESIGN

SUBMISSION REQUIREMENTS

You will submit a short written piece on your project, along with a zip folder of images as indicated below. You will not be submitting posters.

WHAT TO SUBMIT

Your text submission should be between 350-800 words, not exceeding 800 words. It should address the following headings:

1. CONCEPTUAL PREMISE

2. URBAN THRESHOLD

3. HARMONISATION

4. PEOPLE UPLIFTMENT

5. EVOLUTIONARY PARADIGM

6. PLACEMAKING PERFORMANCE

IMAGES

Submit a zip folder with no more than 10 images (in jpeg, png or PDF format) as per below. These images should each be labelled clearly and uploaded in the zip folder. The zip folder may not exceed 25MB in size. The list of images in your zip folder should at a minimum include the following (remember that you are allowed 10 images in total):

1. Context/urban plan clearly showing your intervention(s) in relation to Park Station and JAG, with a scale bar and north arrow, and full annotations.
2. Plan(s) with a scale bar and north arrow (1:100) with clearly indicated section lines.
3. At least two labelled sections (1:50) in context with annotations and a scale bar.
4. At least one elevation in context.
5. A composite image with a series of vignettes (either by hand or renders), showing the sequence of movement/new thresholds as one would experience the new space(s).
6. At least two three-dimensional drawings or renders that best demonstrate the concept in context.
